REVIEW OF OPERATIONS

During the half-year, Pacifico continued to focus on the development of the Sorby Hills Project.

Highlights during the half year ended 31 December 2019:

- Phase II Drilling Results:
 - Significant intercepts from B Deposit and Omega Deposit (CDEF) included:
 - 8.0m at 13.7% Pb equivalent (12.4% Pb, 51 g/t Ag) and 0.3% Zn from 80m at Omega Deposit;
 - 22.0m at 10.2% Pb equivalent (8.8% Pb, 52 g/t Ag) and 0.3% Zn from 68m at Omega Deposit;
 - 6.0m at 11.4% Pb equivalent (10.5% Pb, 35 g/t Ag) and 0.1% Zn from 81m at Omega Deposit;
 - 7.0m at 7.4% Pb equivalent (5.7% Pb, 67 g/t Ag) and 0.2% Zn from 80m at Omega Deposit; and
 - 15.0m at 5.6% Pb equivalent (5.1% Pb, 18 g/t Ag) and 0.2% Zn from 15m at B Deposit.
- Phase III Drilling Commenced:
 - Following the highly successful Phase II Drilling Program, Phase III commenced in October 2019.
 - Phase III was to include approximately 3,265m of RC drilling across a planned 49 drill holes.
 - Targeting an increase in confidence to allow for the conversion of Inferred Resources to Indicated Resource status, an increase the Inferred Resource inventory, and follow up on historic intercepts.
- Mineral Resource Estimate Update:
 - 20% increase in Global Resource to 36 Mt at 4.7% Pb equivalent (3.7% Pb, 39 g/t Ag) and 0.5% Zn (30 Mt in March 2019 MRE);
 - 53% increase in total Indicated Resources to 16.6 Mt at 4.8% Pb equivalent (3.8% Pb, 39 g/t Ag) and 0.4% Zn through the conversion of Inferred Resources (10.8 Mt in March 2019 MRE);
 - 63% increase in Indicated Resources in the Omega Deposit (formerly CDEF) and 165% increase in the B Deposit;
 - The increase in Indicated Resources may support an increase in mining rate to be used in the Optimised Pre-Feasibility Study expected to be completed Q1 2020; and
 - New MRE for zinc dominant deposit sitting beneath the Alpha lead deposit.

Planned activities expected to be completed before 30 June 2020 include:

- Optimised pre-feasibility study
- Ore reserve estimate

No exploration activity occurred on any of the Company's non-core Projects.

CONDENSED NOTES TO THE FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The half year financial report includes the financial statements for Pacifico Minerals Limited ('Parent' or 'Company') and its controlled entities (together referred to as the 'Group') for the half year ended 31 December 2019. The principal accounting policies adopted in the preparation of the consolidated interim financial statements are set out below. These policies have been consistently applied to all periods presented, unless otherwise stated. The half year financial report of the Group for the period ended 31 December 2019 was authorised for issue in accordance with a resolution of the Board of Directors of the Company on 11 March 2019.

During the half year, management reviewed all new and revised standards and interpretations issued by the AASB relevant to its operations and effective for reporting periods beginning on or after 1 July 2019. It has been determined that, there is no impact, material or otherwise, of the new and revised standards and interpretations on its business and therefore no change is necessary to accounting policies.

(a) BASIS OF PREPARATION

The half year financial report is a general-purpose financial report prepared in accordance with the *Corporations Act 2001* and AASB 134 *Interim Financial Reporting*.

(i) Compliance with IFRS

Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 *Interim Financial Reporting*. The half year report does not include notes of the type normally included in an annual financial report and shall be read in conjunction with the most recent annual financial report.

(ii) Historical Cost Convention

The consolidated interim financial statements have been prepared under the historical cost convention, as modified by the revaluation of available-for-sale financial assets, financial assets and liabilities at fair value through profit or loss, certain classes of property, plant and equipment.

(iii) Going Concern Basis

The half year financial report has been prepared on a going concern basis, which contemplates continuity of normal business activities and realisation of assets and settlement of liabilities in the ordinary course of business. The going concern of the Group is dependent upon maintaining enough funds for its operations and commitments. The Directors continue to monitor the funding requirements of the Group and are confident that funding can be secured as required to enable the Group to continue as a going concern and are of the opinion that the financial report has been appropriately prepared on a going concern basis.

(iv) Accounting Policies

The accounting policies and methods of computation adopted in the preparation of the half year financial report are consistent with those adopted and disclosed in the Company's Annual Report for the financial year ended 30 June 2019 (other than those described in 1(b) below). These accounting policies are consistent with Australian Accounting Standards and with International Financial Reporting Standards.

(b) NEW AND AMENDED STANDARDS ADOPTED BY THE GROUP

The Group has considered the implications of new and amended Accounting Standards which have become applicable for the current financial reporting period. The Group had to change its accounting policies and make adjustments as a result of adopting the following Standard:

- AASB 16: *Leases*

The impact of the adoption of this Standard and the respective accounting policies is disclosed in Note 1 (c) below.

(c) CHANGES IN ACCOUNTING POLICIES

This note describes the nature and effect of the adoption of AASB 16: *Leases* on the Group's financial statements and discloses

CONDENSED NOTES TO THE FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

the new accounting policies that have been applied from 1 July 2019, where they are different to those applied in prior periods.

As a result of the changes in the Group's accounting policies, prior year financial statements were required to be restated. However, the Group has adopted AASB 16: *Leases* retrospectively with the cumulative effect of initially applying AASB 16 recognised at 1 July 2019.

(i) *Leases*

At inception of a contract, the Group assesses if the contract contains, or is, a lease. If there is a lease present, a right-of-use asset and a corresponding liability are recognised by the Group where the Group is a lessee. However, all contracts that are classified as short-term leases (i.e. leases with a remaining lease term of 12 months or less) and leases of low-value assets are recognised as an operating expense on a straight-line basis over the term of the lease.

Initially, the lease liability is measured at the present value of the lease payments still to be paid at the commencement date. The lease payments are discounted at the interest rate implicit in the lease. If this rate cannot be readily determined, the Group uses incremental borrowing rate.

Lease payments included in the measurement of the lease liability are as follows:

- fixed lease payments less any lease incentives;
- variable lease payments that depend on an index or rate, initially measured using the index or rate at the commencement date;
- the amount expected to be payable by the lessee under residual value guarantees;
- the exercise price of purchase options if the lessee is reasonably certain to exercise the options;
- lease payments under extension options, if the lessee is reasonably certain to exercise the options; and
- payments of penalties for terminating the lease, if the lease term reflects the exercise of options to terminate the lease.

The right-of-use assessment comprises the initial measurement of the corresponding lease liability, any lease payments made at or before the commencement date and any initial direct costs. The subsequent measurement of the right-of-use assets is at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated over the lease term or useful life of the underlying asset, whichever is the shortest. Where a lease transfers ownership of the underlying asset or the costs of the right-of-use asset reflects that the Group anticipates exercising a purchase option, the specific asset is depreciated over the useful life of the underlying asset.

(ii) *Initial Application of AASB 16: Leases*

The Group has assessed leasing arrangements in place during the period. There were no right-of-use asset or lease liabilities to account for under AASB 16 for the half year ended 31 December 2019.

CONDENSED NOTES TO THE FINANCIAL STATEMENTS

2. SEGMENT INFORMATION

AASB 8 requires operating segments to be identified based on internal reports provided to the Board in order to allocate resources to the segments and assess performance. Information reported to the Board is based on exploration in the principal locations of the Group's projects, Australia and Colombia. The revenues and profit generated by each of the Group's operating segments, assets and liabilities are summarised as follows.

The following is an analysis of the Group's revenue and results by reportable operating segment for the half-year under review:

6. COMMITMENTS AND CONTINGENCIES

The Group has expenditure obligations with respect to tenement lease rentals and the minimum expenditure requirements with respect to mineral tenements. If the Group decides to relinquish certain leases and/or does not meet these obligations, assets recognised in the statement of financial position may require review to determine the appropriateness of carrying values. The sale, transfer or farm-out of exploration rights to third parties will reduce or extinguish these obligations.

Acquisition of the Sorby Hills Project included a provision for a 1% net smelter royalty to Quintana MH Holding Company LLC that has been classified as a contingent liability.

7. SUBSEQUENT EVENTS

There were no material subsequent events to report.

8. INTERESTS IN SUBSIDIARIES

The consolidated financial statements incorporate the assets, liabilities and results of the following wholly owned subsidiaries in accordance with the accounting policy described in Note 1b(i):

9. INFORMATION ON PRINCIPAL JOINT OPERATIONS

The Company holds a 75% direct interest in the Sorby Hills Joint Operation ('SHJO') through the acquisition of two 100% owned subsidiaries being Sorby Hills Pty Ltd and Sorby Management Pty Ltd. The SHJO is managed in Perth, Western Australia and the Company manages the SHJO for and on behalf of its 25% joint venture partner Henan Yuguang Gold and Lead Co.

The primary purpose of the SHJO is the exploration, mining and future production and sale of copper, lead and zinc ore on behalf of the joint participants.

The Company accounts for its share of all assets, liabilities, revenues and expenses attributable to participating in the SHJO in the appropriate line items in the consolidated financial statements in accordance with its 75% ownership interest.

INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF PACIFICO MINERALS LIMITED

Report on the Half-Year Financial Report

We have reviewed the accompanying half-year financial report of Pacifico Minerals Limited, which comprises the consolidated statement of financial position as at 31 December 2019, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity, and the consolidated statement of cash flows for the half-year ended on that date, condensed notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration for Pacifico Minerals Limited (the consolidated entity). The consolidated entity comprises both Pacifico Minerals Limited (the Company) and the entities it controlled during the half year.

Directors' Responsibility for the Half-Year Financial Report

The directors of Pacifico Minerals Limited are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards (including the Australian Accounting Interpretations) and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half year financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the consolidated entity's financial position as at 31 December 2019 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As the auditor of Pacifico Minerals Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Whilst we considered the effectiveness of management's internal controls over financial reporting when determining the nature and extent of our procedures, our review was not designed to provide assurance on internal controls.

For personal use only

Our review did not involve an analysis of the prudence of business decisions made by the directors or management.

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations Act 2001*, has been provided to the directors of Pacifico Minerals Limited on 11 March 2020.

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Pacifico Minerals Limited is not in accordance with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the consolidated entity's financial position as at 31 December 2019 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and *Corporations Regulations 2001*.
